POLICY STATEMENT

It is the policy of the Idaho Department of Correction to use a comprehensive and uniform classification system to achieve effective and efficient inmate management.

PURPOSE

The purpose of this policy is to provide direction in creating and maintaining a classification system that places inmates in facilities having appropriate security and programming.

SCOPE

This policy applies to all inmates housed in correctional facilities under the jurisdiction of the Idaho Department of Correction and staff members involved in the classification process.

RESPONSIBILITY

The chief of the prisons division is responsible to develop a standard operating procedure providing a consistent method of classification to determine custody level assignment of inmates placed in department prisons and community work centers.
